

Leaders in Project Controls and Construction Disputes

Home

Project Advisors International LLC® (PAI) is an international construction consulting company providing experts in forensic project scheduling that specialize in the most difficult and complex project disputes. PAI has extensive experience in arbitration, litigation, and dispute resolution. Owners, counsel, contractors, tribunals, and other international dispute panels have all retained PAI.

PAI's innovative problem solving skills are as diverse as the construction projects it is engaged on. As independent consultants, PAI provides the unbiased, balanced and qualified expert advice required to effectively manage construction project risks and resolve disputes.

PAI's attributes:

- Seasoned International Knowledge
- Impartial Advice and Opinions
- Balanced Views based on Experience
- Reasoned Opinions based on the Facts
- Recognized Expertise
